0121 356 2175

Jim Hunt & Andy Davis have set up HD Sails and have been working alongside Kevan Bloor to keep the Championship Winning Alverbank National 12 sails at the front of the fleet.

Sails are already rolling off the production line and winning races!

With over 30 years experience they have been the driving force behind many championship winning campaigns.

Every sail we supply is either computer cut or hand cut at the loft and assembled by Jim or Andy.

We appreciate that buying sails is a serious investment. All the sails are made with the same attention to detail and finishing that means you can be assured that you are buying the same quality of product that the champions use.

We build sails for both classic and Carbon rigs, please call us to discuss your rig requirements.
